PARIS, KENTUCKY, FRIDAY, OCTOBER 2, 1914.

LATE WAR NEWS.

ROME, Sept. 30.—Fear that Italy will be drawn into the European war is greater to-night than at any time since hostilities started between Austria-Hungary and Serbia, nearly nine weeks ago. War against Austria is believed to be imminent.

The blowing up of an Italian fishing boat yesterday in the Adriatic and a loss of nine lives has caused Italy to protest formally at Vienna against the promiscuous and indiscriminate strewing of the open seas with mines.

In addition to this, all arms factories in Italy are running day and night, manufacturing big guns. It also has been confirmed that the Government expects to call out the 1885, 1886, 1888 classes of reserves.

BERLIN, Sept. 30.—No official news from the western battle ground has been received here since last night.

The newspapers have not been informed by their correspondents regarding the great general engagement which is progressing, and the details are not known here.

GHENT, Sept. 30.—The Germans have constructed five heavy pontoon bridges across the Meuse between Givet and Namur, apparently for the purpose of facilitating their retirement.

COPENHAGEN, Sept. 30.—All the German troops stationed in the Province of Schleswig-Holstein have been dispatched hurriedly to reinforce the German armies in France and Belgium.

FISCAL COURT PROCEEDINGS.

The Bourbon County Fiscal Court met in regular session yesterday, County Judge C. A. McMillan presiding, and Justices Martin, Thomason, Burris, Redmon, Stephenson, Lloyd, Shropshire and Turner present.

The report of County Road Engineer C. F. Redmon was presented, received and filed.

A large number of claims against the county were presented and ordered allowed.

The County Attorney was instructed to collect from George Estes the amount he subscribed to build the Shropshire turnpike.

County Treasurer S. E. Bedford was instructed to borrow the sum of \$1,000 for the use of the General Fund, and execute note for same, payable January 1, 1914, to bear interest at 6 per cent. from date.

Ordered that the sum of \$1,000 be paid to McKnight & Garnett on the Shropshire turnpike contract.

The sum of \$10 per month was ordered paid to John Elam for support of his family.

The salary of the Keeper of the County Infirmary was fixed at \$75 per month. Mr. W. Ed. Speakes was elected keeper for the ensuing year.

The following physicians were elected to attend to the pauper practice of Bourbon County at the salaries set opposite their names: Paris—F. M. Faries, G. L. Rankin and J. A. Gilkey, \$500, divided equally; Millersburg—Huffman, Dailey and Calhoun, \$200, divided equally; Flat Rock—B. F. McClure and P. F. McClure, \$100, divided equally; North Middletown—L. R. Henry and J. A. Cook, \$150, divided equally; Clintonville—W. C. Worthington, \$100; Hutchison—Logan Gragg, \$100; Cynthiana—S. M. Linville, \$100; Ruddle Mills—F. H. Smith, \$100.

The salary of the County Road Engineer was fixed at \$1,500. The County Judge nominated and appointed B. F. Bedford as County Road Engineer. Upon a standing vote the nomination and appointment was disapproved.

James McClure was allowed the use of a county roller to roll the Kiser Mill and Mouth of Townsend pike, he to pay all the expense of the engineer and all damages to roller.

The Court then adjourned to Nov. 5, 1914.

PARIS CITY VOTE CONTESTED.

A petition contesting the election held in Paris last Saturday, in which the city voted "wet" was filed by the "drys" Tuesday afternoon. Wm. Myall and thirty-one others are the plaintiffs with T. F. Brannon and others defendants.

County Judge Chas. A. McMillan is asked to declare the election of Saturday void, the plaintiffs declaring that the call for the election of Monday antedated the call for the election Saturday.

In the notice and grounds of contest filed with County Clerk Pearce Paton, it is alleged that when the "wets" filed their petition asking for an election in Paris for September 26, they had notice of the pending of the petition and proceedings of the "drys" which had been previously filed, and that the "wet" petition was in law subject to the result of the older and former petition of the "drys," that the result of the changed in any way by the proceeding changed in any way by the proceedings under the "wet" petition and that the election held in the city was null and void.

ATTENTION, DEMOCRATS.

Democrats, don't fail to register on Tuesday, Oct. 6, if you fail to register on that day you will be barred from voting in any election for 12 months. Register.

THE TABERNACLE MEETING.

Interest in the big revival being conducted at the Tabernacle by Evangelist Ham and Chorister Ramsey continues unabated and if anything is growing stronger with each day.

The capacity of the big building is severely taxed each night to accommodate the crowds that pour in from all parts of the county. Large delegations from outside towns came over Wednesday night and last night a big delegation from Cynthiana, Lexington and Carlisle helped to fill up the Tabernacle, already nearly filled with Paris and Bourbon County people.

Evangelist Ham is delivering some remarkable sermons, remarkable for their power and convincing qualities. And the song service under the direction of Chorister Ramsey is one of the most inspiring features of the meeting.

To-morrow night the place of honor will be given to the boys and girls of the Paris High School, who will march in a body to the Tabernacle, headed by the Paris High School Band to seats reserved for them. High School yells and songs will have a prominent place in the preliminaries, and it is expected that the enthusiasm will reach about fever heat when the regular exercises begin.

A "Tabernacle Nursery" has been established at the First Methodist Church and this will be open during the hours of tabernacle meetings in charge of competent women who will care for the babies left in their charge.

SECRETARY OF STATE INDICTED.

The Franklin County grand jury yesterday afternoon returned three indictments against Dr. C. F. Crecelius, Secretary of State, charging him with obtaining money by false pretenses.

The facts upon which this was based are supposed to be that he employed a new stenographer at a salary of \$100 the month, but while she was being shown the work by Dr. Crecelius' sister the latter received \$75.00 of the salary, the check being payable to the stenographer, Mrs. Mayne Y. Stone, who cashed it and retained only \$25 for herself. He is also charged with farming and selling State offices.

METROPOLITAN AGENTS MEET.

An important territorial meeting of the agents and superintendents of the Metropolitan Life Insurance Company was held at the local office of the company in the Wilson Building, Wednesday night, at seven o'clock.

The meeting, which was called for the discussion of matters pertaining to the life insurance business, was addressed by Mr. John H. Immel, of New York City, General Superintendent of the Kentucky, Indiana, Ohio and West Virginia agencies. Mr. Immel's address treated principally on the general condition of the life insurance business, but a large part of it touched on local affairs and local conditions. Mr. C. B. Wiles, of Paris, Superintendent of the Paris office, also addressed the meeting.

Besides the Superintendents of various agencies in the Ohio, West Virginia and Indiana district, representatives of the Metropolitan agencies were present from Maysville, Cynthiana, Falmouth, Mt. Sterling, Winchester, Corbin, Williamsburg, Pineville, Middlesboro and Jellico, Tenn. During his stay here Mr. Immel was the guest of Mr. Wiles. This was his first visit to Paris, and he expressed great admiration for "our town" and its handsome public buildings.

The Metropolitan has inaugurated a free nursing service for its policyholders, the work being under the direction of Miss Minnaker, who has charge of the visiting nurse work of the Health and Welfare League of Bourbon County.

HISTORIC PARKS' HILL CAMP GROUNDS SOLD.

The old-time camp grounds at Parks' Hill, in Nicholas County, where for over a quarter of a century camp-meetings were held, and where later on the Parks' Hill Assembly (Chautauqua) meetings were held, will now become a private residence property, having been purchased by Mr. Edward Damon, of Owensboro, from the owner, Mr. W. S. Feedback, of Carlisle, for about \$3,500.

Mr. Damon, who is a miller by occupation, some years ago made small fortune from a machine used in the milling business, upon which he secured a patent and a monopoly. He will convert the historic old camp grounds into a park, and will erect a handsome summer home on the hill top and will sell off the remainder of the property in small building lots suitable for summer homes to be erected upon. As soon as the new home is completed, Mr. Damon will move his family to it.

In its day the Parks' Hill camp-meeting was known far and near, and some of the most noted divines of the country have preached there. For several years it was the scene of the annual reunion of Morgan's men, and the Orphan Brigade of deathless fame.

THE ALEXANDER SALE.

Large crowds have attended the sale of the personal property and real estate of George Alexander, conducted by Auctioneers Geo. D. Speakes and M. F. Kenney, under the auspices of W. O. Hinton, assignee.

On Tuesday morning the residence corner of Eighth and Pleasant streets, together with the ten lots in the first offering, was purchased by Mr. Arthur H. Hancock, for \$15,865. The purchase included the residence, stable and eleven lots.

Mr. Wm. Whaley purchased the family horse, carriage, harness, etc., for \$221.50.

The sale of the stocks belonging to Mr. Alexander was also held yesterday afternoon and resulted as follows:

Fifteen shares of Paris Opera House stock brought from \$6 to \$6.25 per share.

One share of L. & N. Rubber Tire Company stock, not sold.

Five shares of New York & Chicago Electric Railway Company stock, not sold.

One hundred shares of Travelers' Insurance Machine Company stock, not sold.

Twenty shares of Central & Southern Advertising Agency, not sold.

Two shares of the Bourbon County Tobacco Warehouse Company stock, \$112.50.

Four shares of Bourbon County Agricultural Society stock, \$4 per share.

Eleven shares of the Fifth-Third National Bank of Cincinnati, sold to C. H. Hinch, of Cincinnati, at \$180.

Five hundred shares of Citizens Life Insurance Company stock of Louisville, not sold.

The sale of the bric-a-brac, furniture, pictures and other household furnishings began Tuesday afternoon and continued over Wednesday, with a large crowd and spirited bidding. The offerings that went under the hammer included many valuable works of art in statuary, bronzes and bric-a-brac, representing a lifetime collection.

Frankfort sent a big delegation to the sale, among the number being Mrs. Sherman Goodpaster, Mrs. Graham Vreeland, Mrs. Samuel J. Shackelford, Mrs. George Baker, Miss Anna Baker, Miss Helen Hinde, Mrs. Thomas J. Smith, Mrs. Jno. W. Rodman, Mrs. Ben. Hughes and Miss Alma Eales.

PUBLIC SPEAKING.

State Senator Charles Carroll, of Louisville, will address the voters of Bourbon County, at the Court House Monday afternoon, at 2 o'clock.

Senator Carroll's address will be in the interest of the Democratic nominees—Ex-Governor J. C. W. Beckham, for the long term in the United States Senate; Hon. J. N. Camden, for the short term in the United States Senate, and Hon. J. C. Cantrill for Congress in this district.

Mr. Carroll is a forceful and convincing speaker, and should be greeted by a large audience. (It)

KY. GRAND LODGE K. OF P.

The Grand Lodge Knights of Pythias of Kentucky, will meet at Frankfort next Tuesday, Oct. 6, and the Grand Lodge of Kentucky Odd Fellows will meet in same city, the following week, beginning Tuesday, October 13.

CANTRILL TAKES STEP.

Representative J. C. Cantrill, of Kentucky, put it squarely up to the Department of Justice for a decision of the question whether or not the tobacco growers of Kentucky will be allowed to form a pool or "selling organization."

A recent decision of the United States Supreme Court has created some doubt on the subject, and Mr. Cantrill wishes to have a clear-cut understanding so that the tobacco farmers of Kentucky may know how to proceed in marketing this year's crop.

A letter which the Congressman received from R. K. Blake, of Hawesville, Ky., a member of the American Society of Equity, furnished a convenient way to get the question before the Department. Mr. Blake wanted to know whether the Kentucky tobacco growers will be allowed to conduct a pool in the future as in the past, in view of the recent decision of the United States Supreme Court. Mr. Cantrill forwarded the letter to the Attorney-General and with it a letter of his requesting a ruling, so that the tobacco growers may know how to proceed.

AGED WOMAN DIES SUDDENLY.

While waiting at the L. & N. passenger station in this city yesterday morning for a train to Lexington, Mrs. Nancy Munday, of Harlan County, was stricken with heart trouble and fell over on the floor of the waiting room, expiring in a few moments. Mrs. Munday came to Paris on the 5:30 train yesterday morning en route to the Eastern Kentucky Hospital in Lexington in charge of Mr. S. K. Glenn, a hospital attendant. Mrs. Munday was sixty years of age and had been in failing health. The body will be sent to her home in Harlan County.

EARLY WAR NEWS.

GERMANS PLAN SIEGE OF ANTWERP.

ROTTERDAM, Sept. 29.—The activity along the Belgian frontier indicates that the Germans are planning for siege of Antwerp within a few days.

ALLIES REPULSE GERMANS.
PARIS, Sept. 29.—On our left wing along the river Somme, the French official statement issued this afternoon says, the Germans attempted numerous attacks which the allies repulsed.

A GHASTLY LITTER OF DEAD.
LONDON, Sept. 29.—The 18th day of the battle of the Aisne thus far has brought no decisive results, but all indications continue to point to an approaching end of the heroic struggle.

Hand-to-hand fighting now raging with such fury is bound, it is generally held, to decide the issue.
In Britain it is asserted there has been no change in the situation and the claim of the allies that the scales have turned slightly in their favor is stoutly denied.

The losses of the opposing armies in the last few days of the fierce combat have been colossal.
Even the official reports contain a gruesome picture of thousands of dead and wounded lying in the fire-swept zone between the two armies and every fresh assault is adding to the ghastly litter.

ELEVEN CHILDREN VICTIMS OF BOMBS.

LONDON, Sept. 29, (2.50 a. m.)—Operators of a German Zeppelin Dirigible dropped a bomb into a schoolhouse at Beielostock, Russia, yesterday, killing eleven children, according to a dispatch from Petrograd to the Morning Post.

DARDANELLES CLOSED TO SHIPPING.

LONDON, Sept. 29.—The Dardanelles have been closed to navigation, according to a dispatch from Constantinople to Reuters. The duration of the closure is not stated.

ROME, Sept. 29.—It is reported in diplomatic circles here that Russia is prepared to declare war to Turkey, and that she will exact demobilization from the Ottoman Empire.

Russians now here and in Switzerland have been warned to return to Russia before October 6, when the last Russian steamer will sail for Odessa from Genoa. This order was received prior to a report that the Dardanelles had been closed.

The cruiser Goeben, it is announced, has passed through the Bosphorus and will join the Turkish fleet in the Black Sea.

There is no doubt now that Italy is prepared to strike at short notice. The first line army of 450,000 men has been quietly mobilized and preparations made for the calling of 1,000,000 reservists to the colors. The Italian fleet, too, is ready for service at any moment. All reports have agreed that Italian public opinion would welcome a declaration of war against Austria immediately.

It is believed now that Italy is waiting for an excuse to enter the war. Almost any overt act would do, but Italy is said to feel that she cannot enter the war with the avowed intention of attacking Austria simply to regain her provinces.

CASUALTIES OF THE GERMANS.
BERLIN, Sept. 29.—The total German casualties in dead, wounded and missing as officially reported to date are 104,589. The casualty list announced Sunday adds a total of 10,527 casualties to those previously announced.

The total casualty list is made up as follows: Dead, 15,874; wounded, 65,908; missing, 23,007.
According to a letter from an off-man ships with an aggregate tonnage of 283,000 detained or captured by the Allies. Fifteen ships with a tonnage of 247,000 were detained in American ports, while fourteen others, with a tonnage of 72,000, remain in the Suez Canal.

The German mines in the North Sea have also to their credit seven Scandinavian ships with a tonnage of 11,098.

The return shows about 168 German ships of 4,334, have been captured or sunk by the Germans in the same way.

ters. British ships detained at German ports number seventy-four, with a total tonnage of 170,000.

On the credit side the Admiralty gives 102 German ships with a total tonnage of 200,000 detained in British ports since the outbreak of the war. Eighty-eight German ships of an aggregate tonnage of 338,000 have been captured since hostilities began. GERMANS SUSTAIN SEVERE NAVAL LOSSES.

LONDON, Sept. 29.—Twelve British ships, with an aggregate tonnage of 59,331, had been sunk on the high seas by German cruisers up to September 23, according to an Admiralty return issued this afternoon. Eight other British ships, whose tonnage aggregates 2,979, have been sunk by German mines in the North Sea, and twenty-four fishing craft, with a tonnage of the German auxiliary cruiser Kaiser Wilhelm der Grosse, this vessel was not sunk by the British cruiser, High Flyer, as was reported, but was blown up when her ammunition was gone. Only a few of the crew was wounded. The officer says that the fire of the High Flyer was extremely poor.

AGRICULTURAL EXTENSION

The Experiment Station has been repeatedly called upon to answer inquiries concerning an outbreak of contagious ophthalmia which is at present prevalent over the entire State of Kentucky. This condition is sometimes known as "pink eye" and attacks in rapid succession a large portion of the herd. It is distinctly a contagious disease and may originate by the purchase of a new animal which is already affected, and from that animal it may be spread to all the remaining cattle in the herd. The condition is more prevalent in the hot summer months, especially during a period of drought, similar to the one experienced throughout the entire State this summer.

Symptoms—The condition is usually first noticed by a profuse discharge of tears from both eyes, which constantly keeps both sides of the face moist. The eye-lids are swollen, painful to pressure, and invariably closed, especially so in intense sunlight. These symptoms are usually accompanied by a slight elevation in temperature, loss of appetite and a diminution in the flow of milk. If the condition is left to go untreated the discharge from the eyes assumes a purulent form, usually accompanied by a slight cloudiness of the cornea.

Treatment—The affected animals should be isolated in a cool, dark portion of the barn and given from one to one and one-half pounds Glauber's salts at a drench, and one tablespoonful potassium nitrate added to each six gallons of drinking water. In addition, eye symptoms are best treated by washing the eyes out twice each day with a four per cent. solution of boric acid, but this may be substituted by a 1 to 100 solution of silver nitrate once a day. In severe cases where the lesions of the cornea are present this latter treatment is to be preferred.

Prevention—Whenever this condition appears in the herd the healthy animals should be immediately removed to a new pasture, given a laxative diet and provided with fresh drinking water.

Contagious Ophthalmia is usually not a severe disease when properly applied, should soon bring the outbreak to a close.

WHEN LIGHT HURTS.

Healthy people that live out of doors rarely complain of the light. But any one who has tried photography knows that out of door daylight is many times brighter than artificial light, indoors or out. When people suffer from artificial lights it is something besides the strength of the light. It is contrast that makes artificial lights unpleasant. One who lives most of the time in poorly lighted rooms finds it unpleasant to go suddenly into bright daylight. The more sudden the change, the greater the contrast, the more disagreeable the feeling. Artificial lights seen at night in sharp contrast with the darkness around them, are always unpleasant to face. A light that varies greatly from instant to instant, now dim, now bright, is very disagreeable and harmful to the eyes. When the light hurts the eyes the first impulse is to exclude it. But thought about the matter will commonly show some kind of contrast might be avoided. Have the rooms indoors lighted as well as possible. In going out pause a little on the threshold to become accustomed to the brighter illumination. Do not face bright artificial lights with a dark background. Do not admit a streak of bright sunlight into a room that is otherwise shaded, but rather keep the windows wide open. Use as steady a source of light as possible and avoid all sudden changes of illumination. If dark glasses are worn it should not be all the time; but only when the eyes are exposed to the brightest light; so that the contrast between this and the feeble light may be diminished. Have a good light on what you look at, but do not let the source of light shine directly into your eyes. When light hurts the eyes, in spite of care to avoid strong contrast, it is likely that the eyes are strained, or irritated or inflamed, and the cause of the trouble should be sought out and removed. Persistent trouble of this kind generally has a persistent cause, like strain of the eyes; and it is useless to treat the effect, while the cause continues to keep up the trouble.

"The medicine has done my wife a world of good, and I feel that it will cure her. I intend to keep on until she is completely cured, as you have been doing her more good than any one has ever done her, and she has been suffering with her stomach for years. I am glad I was told of the remedy."

Letters like that are written by users of Mayr's Wonderful Stomach

Remedy in all parts of the country. It proves its merit with the first dose—no long treatment.

Mayr's Wonderful Stomach Remedy clears the digestive tract of mucus accretions and removes poisonous matter. It brings swift relief to sufferers from ailments of the stomach, liver and bowels. Many declare that it has saved them from dangerous operations and many are sure it has saved their lives.

WHAT WOULD YOU DO?

There are many times when one man questions another's actions and motives. Men act differently under different circumstances. The question is, what would you do right now you do better than take Chamberlain's Cough Remedy? It is highly recommended by people who have used it for years and know its value. Mrs. O. E. Sargent, Peru, Ind., says, "Chamberlain's Cough Remedy is worth its weight in gold and I take pleasure in recommending it." For sale by all dealers.

MATRIMONIAL.

HAYES-SCHUEHOLZ.
—Desiring to avoid the excitement and the stress of a church wedding Mr. James M. Hayes, salesman for the L. Marx Company, and Miss Clara Schueholz, a society belle of Newport, came to Paris yesterday morning and, securing marriage license from County Clerk Pearce Paton, were taken to the residence of Rev. W. E. Ellis, of the Christian Church, and shortly afterward united in marriage.

Friends of the young couple had planned a jollification and wedding fete for them; following the wedding, which had been scheduled to take place at the home of the bride's parents in Newport, but desiring to avoid it, they decided to outwit the waiting friends, and while the preparations for merrymaking went on they slipped away and were married here. After the ceremony they left for Lexington, where they will remain until this morning, when they will return to Newport for explanations and congratulations.

THEATRICAL.

At Ben Ali, Lexington.

—Tommy Hyde, a featured member of George Evans' Honey Boy Minstrels is to hold forth at the Ben Ali, Lexington, October 5 and 6. He is presented on the program of the minstrels as "America's Greatest Soft Shoe Dancer." This claim entitles him to a place in the history of minstrelsy along with Barney Fagan, Billy Emerson, George Primrose and other exponents of the art of Terpsichore.

Mr. Hyde is also director of the dancing crops of the "Honey Boy" show and has full charge of the engaging and training of the twenty nimble footed young fellows whose graceful stepping attracts much applause at each performance. This department of a minstrel show is probably the hardest one of all, for it requires nearly all summer to engage and perfect able young dancers eligible, and it may be said to be quite a feature in the cap of this modest young fellow that he successfully fills this important post with what is conceded to be America's largest and best minstrel administration. STILL SHOOTIN' AT US!

Editor Jim Allen, in the Cynthiana Democrat, takes the following shots at Paris:

"By going 'dry' Paris has turned the Booze Special's right flank."

"It is said the Geo. Alexander bank at Paris will be able to pay depositors 25 cents on the dollar."

"The best thing Lexington can do now is to double track the interurban. With Paris 'dry' the boys can't pass each other on a single track."

"Some editors are born unfortunate, some achieve misfortune and some have misfortune thrust upon them. But the bonehead who discusses local option after the fight is ended in his town ought to be bored for the simples."

"COMING EVENTS CAST THEIR SHADOW BEFORE."

The Maysville Bulletin says: "Saturday, as all the liquor houses in this city were closed, the pestiferous bootlegger was out in full force and while their traffic in wet goods was conducted under cover as much as possible Chief Mackey succeeded in arresting William Edgar and John Breckinridge, both colored, and their stock of booze and beer, consisting of eight large baskets full was seized." Another paper states that the "bootleggers" had their headquarters immediately behind the county jail!

There was a large circle of insects under the lights on Thursday morning, while thousands clung to the sides of buildings. They were about half an inch long from tip to tip and of light brown color. Some of them were lively enough to fly around Thursday morning. Where they came from is not explained. There was another variety of "bugs," also another variety of "moths" on the town the same night, but they were wingless, but not voiceless, yet like some of the other species, flitted from place to place, following the flickering lights of the "White Way."

Bell Telephone Bulletins

4-HASTE AND IMPATIENCE

The majority of people who use the telephone are in a hurry. They want to communicate quickly with some one and the slightest delay is likely to cause impatience and irritation. If a busy man waits a few seconds for a response from the operator when he is using the telephone in haste, these seconds seem like minutes. If he is told that the line is busy it is likely to exasperate him. If telephone users could see the operators at work while they are calling, or if they could see how many others are to be served at the same time, as in the case of a bank or in a store, the seconds that seem so long would pass unnoticed.

Understand, however, our de-

sire is to give efficient and reliable service. But even a service that has a high average of speed and accuracy will appear slow to a man or a woman who is in a hurry. We simply ask that our subscribers bear these things in mind when they use the telephone. We are willing for any one to hold a stop-watch and record the time of any number of calls. The average will show quick service, and it's the average that counts.

We want every subscriber to receive efficient service. That is what we are in business for. If the service you are receiving does not appear to you to be efficient, we want you to report it promptly to the manager. We will see that the fault is corrected.

LATEST PARIS FASHIONS.

New York, October—
Did it ever occur to you that there is such a thing as a clothes sense? Some women and men possess it and others lack it deplorably. To some an unharmonious combination of style, color or lack of becomingness and suitability necessary in the successful gown is as painful as a discord in music.

Fortunate is the woman if she realizes that she lacks this gift, for then, if she desires, she can by a little careful study acquire some sense of clothes. Remember that the first essential is to wear clothes which accord to her own costume complete; for instance, do not wear heavy shoes with an evening gown, or slippers with a tailored suit. The same thing may

© McCall

The Practical Cape Coat.

be said of hats. Tailored hats are for tailored costumes and more dressy hats for more elaborate gowns and social occasions. The combination of cheap and expensive materials is a gross mistake unless an unusual color combination or other effect is obtained, and usually such an effect can only be attained by an artist. A most important thing to remember is not to buy a dress because it pleases your fancy, but because you know it will accentuate all of your good points. To many this category of dainties will seem so elementary that they are hardly to be taken seriously, but unfortunately they are but few who actually put these rules into practice.

The styles this season are shown in such variety that there are clothes for the fat, and thin and the negative woman.

Velvet and other pile fabrics and the imitation fur-clothes, as mole, Persian lamb, civet and leopard, are used extensively for gowns, suits and wraps, as well as for the trimming of gowns.

A taupe gown of chiffon over the same colored charmeuse had two tunics which were edged with bands of imitation mole skin. The waist also had a band of it to outline the surplice waist.

Another stunning gown had a waist made after the jumper style of Persian lamb cloth. The sleeves of the waist were of black chiffon. The skirt was made with a long tunic of velvet with a lower skirt of fur-cloth.

A suit of black velvet has a jacket with long ends of velvet, which tie at the back beneath a cape-like black. The cape is edged with a four-inch band of Persian lamb. The long tunic of velvet has a band of this same fur and is over a narrow skirt of velvet.

Jet glitters and gleams on gowns of velvet, lace and satin. Bands of it encircle the waist, form straps to go over the shoulders and suspend the waists of evening gowns. Jet beads and paillettes are fastened to a net foundation, which makes a wonderful scintillating cloth—supple and attractive without weight of teed cloth of years ago when it was so much the rage.

A wonderful evening gown of velvet was made with a waist cut in a low V front and back. On one side was draped a triangular-shaped piece of velvet, the point reaching almost to the shoulder, where it was pinned to similar piece in back with a band of jet. Other side of waist, front and back, was of tulle draped up in the same manner, with the points oined together with the band of jet. The skirt was made with a yoke short on one hip and longer on the other. To this the lower skirt was attached, which was gathered about an inch and a half from the top edge and formed a narrow ruffle as the heading where skirt and yoke were joined. This skirt hung straight to the ankles on one side, while on the other it was

draped up, round the waist was a wide girdle studded in a graceful design with brilliants.

A dress of brilliant brocade with waist full low in the back and skirt draped up at one side was entirely veiled with blue tulle. At the back two ends were fastened to the waist and reached out to the wrist, to which they were attached with bracelets of jet. When the arms were raised the effect was of transparent azure wings.

One-toned costumes are very smart. Suits of gray, green, brown or blue have blouses to match of satin, or chiffon. A striking suit of beige-colored corduroy had its jacket semi-fitted and flaring at the bottom. The skirt had an upper and lower tunic, both very wide and rippling in effect. The blouse was of exactly matching chiffon, which was made with a U-shaped yoke about the size and shape of a man's shirt front, which was filled in with narrow ruffles of the chiffon picot edged.

The popularity of the cape coat is undiminished and is seen in widely varying fabrics. Those for especially dressy wear are of velvet or broadcloth, duvetyne, velour or one of the various fur-cloths. For sports or every-day wear in cold weather they are made in tweeds, plaided chevrons and rough mackinaw cloth. The coat illustrated is developed in rough novelty worsted plaided in green and blue and black. It is stunning in its style and simple in its construction. It is a style which is much more practical for winter wear than the plain cape, as it fits closer to the body.

Black Serge Frock Trimmed with Heavily Braided White Broadcloth.

Braiding and beading are used ex-bined charmingly with darning stitch in coarse silk, which is done in effective but simple designs.

Illustrated is a costume of simple good style. The new small armhole is evident, and the skirt with its tunic having set-in pleats at the side and pockets, which are placed just at the pleats on either hip, makes a costume of singular smartness. It is here developed in black serge trimmed with white broadcloth for revers, cuffs, pockets and sash ends, which is heavily braided in black. The dress buttons down the front of the waist and to the bottom of tunic with buttons of the same. Around the waist is looped a sash of the serge. A cunning little hat of black velvet, with dashing little white Mercury wings placed on either side, adds a chic finish to this costume.

HOTTEST PLACE ON EARTH.

(Baltimore Southern Methodist.)
We have heard of dead people, dead beasts, dead trees and dead flowers, but is there such a thing as a dead sea, and why do they call it dead? There is, and they call it dead because it receives all and gives nothing. This body of water—the most remarkable in the world—is at the southern end of the Jordan Valley in Palestine. It is 47 miles long and 10 miles wide, is 1,292 feet below the sea level and is in one of the hottest regions on earth. It receives 5,000,000 tons of water daily into its bosom from the Jordan River but gives none out to refresh and nourish the valley below, which has become an arid desert on account of the close-fistedness of the sea. The water is five times as salty as the ocean, is bitter to the taste, oily to the touch and leaves a yellow stain. No fish live in the water, no flowers bloom or fruits grow on its shores, no birds sing in its neighborhood. Its barkless driftwood and shores are incruited with salt. Its setting is a scene of desolation and gloom, looking as if the curse of God rested on all the region. It is a striking emblem of the selfish life. Selfishness is at the base of all sin. The world only of himself. There are no selfish heroes. The gates of glory are forever closed against the man who lives for himself alone. He who and he who would be remembered by others must forget himself. Life comes through death and true greatness through service.

ART SMITH, THE YOUNGEST OF
AMERICAN FLYERS, TO GIVE
EXHIBITIONS.

Motor Cars, Aeroplanes, Trucks, Motor
Boats and Accessories at Annual
Cincinnati Exposition—Lectures on
Aviation By Harry Atwood.

Cincinnati's Fall Automobile Exposition, to be given at Music Hall from October 3 to 10, under the auspices of the Cincinnati Automobile Dealers' Association, will offer the most comprehensive display of motor driven vehicles ever seen in the Ohio Valley. Not only will there be more than fifty different makes and one hundred different styles of pleasure cars, but there also will be shown practically every variety of service truck made, together with all accessories necessary to properly equip these machines.

Nor will the show be limited to motor cars, arrangements having been made for an extensive exhibit of aeroplanes, the first display of this kind made in this territory. At least six different makes of flying machines will be shown, the exhibit being made more interesting through a series of lectures on aviation to be delivered by Harry Atwood, the noted flyer, who will use the machines on exhibition to illustrate his talk. Atwood promises to give particular attention to explaining and illustrating the uses of aeroplanes in war, especially in the matter of dropping bombs and other explosives.

Further interest in aviation will be provided by the flights on October 3, 4, 5 and 10 of Arthur Smith, one of the youngest and most successful of American flyers. Smith will fly twice daily from the Hunt street playgrounds, and after soaring over the city for some time, will give a series of spectacular exhibitions in the downtown district, in the vicinity of the big tower of the Union Central building.

There will be afternoon and evening concerts in both the large exhibition halls, Weber's Band performing in one hall and Esberger's Band in the other.

Some idea of the extent of the show may be gained from the following list of exhibitors who had selected space up to Monday morning:

GIRLS! GIRLS! TRY IT, BEAU- TIFY YOUR HAIR.

Make It Thick, Glossy, Wavy, Lux-
uriant and Remove All
Dandruff.

Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a "Danderine hair cleanse." Just try this—mixsten a cloth with a little Danderine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of all dust, dirt and excessive oil and in just a few moments you have doubled the beauty of your hair.

Besides beautifying the hair at once, Danderine dissolves every particle of dandruff; cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair.

But what pleases you most will be after a few weeks' use when you will actually see new hair—fine and downy at first—yes—but really new hair growing all over the scalp. If you care for pretty, soft hair and lots of it surely get a 25 cent bottle of Knowlton's Danderine from any druggist or toilet counter and just try it.

The old-fashioned woman who used to pour the cream off the top of the milk and save it for the baby now has a daughter who orders a whole bottle of cream to pour over Pido's dog biscuit.

A woman isn't as afraid of a burglar doing her any harm as she is that he will see the raggedy underwear she leaves hanging on the chairs in her bed room.

Anyway, since the High Cost of Living got a half-Nelson on this country, you don't hear so much about the fellows who were trying to keep two flats on one salary.

WHY NOT PUBLISH IT?

When you want a fact to become generally known, the right way is to publish it. Mrs. Joseph Kallans, Peru, Ind., was troubled with belching, sour stomach and frequent headaches. She writes: "I feel it my duty to tell others what Chamberlain's Tablets have done for me. They have helped my digestion and regulated my bowels. Since using them I have been entirely well." For sale by all dealers.

CRYING FOR HELP.

Lots of It in Paris, But Daily Growing Less.

The kidneys often cry for help! Not another organ in the whole body more delicately constructed; Not one more important to health. The kidneys are the filters of the blood.

When they fail the blood becomes foul and poisonous.

There can be no health where there is poisoned blood.

Backache is one of the frequent indications of kidney trouble.

It is often the kidneys' cry for help. Heed it.

Read what Doan's Kidney Pills have done for overworked kidneys.

Proof of merit in the following statement:

Mrs. Eva Cooper, Main street, Winchester, Ky., says: "Although I never had occasion to use a kidney remedy myself, I can strongly recommend Doan's Kidney Pills, for we have taken them in the family with fine results. One of the family has taken them with excellent results for pain in the back and kidneys."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Earley had. Foster-Milburn Co., Props., Buffalo, N. Y.

IT ALWAYS DOES THE WORK.

"I like Chamberlain's Cough Remedy better than any other," writes R. E. Roberts, Homer City, Pa. "I have taken it off and on for years and it has never failed to give the desired effect." For sale by all dealers.

LUKE McLUKE SAYS.

(Cincinnati Enquirer.)

Every married man knows that if he stayed home and attended to buying the meat and the groceries for a week he could save enough to make his wife regard him as a Wizard of Finance.

To some men Home is a place where they can go and ease off a grouch without having their blocks knocked off.

You can't blame a man for saying things behind his wife's back when he has to fasten up her dress.

When Nature was supplying Woman with Chin Music she kindly fixed things so that a woman with a double chin couldn't play duets.

The reason why a girl buys comfortable clothes when she could get stylish clothes for the same money is because there would be more ducks in this country if there were fences around the ponds to keep them from falling in and getting drowned.

The man who would rather pay \$1.90 for a round of drinks than be considered Cheap is usually the same lad who can't see anything cheap in making his wife buy the children shoes with pasteboard soles because the shoes with leather soles cost a little more.

DEATHS.

VAUGHN.

—Mrs. Carlos Vaughn, of Berry, a sister of Mr. George Lyons, of Paris, died at her home, Tuesday, after a short illness. She was the wife of Mr. Carlos Vaughn, a well-known L. & N. engineer. The remains were taken to Lexington for burial yesterday morning.

McCLELLAND.

—Elisha S. McClelland, a native of Millersburg, and for the past thirty years a resident of Lexington, where he was known as "The Magazine Man," died at his apartments in the Merriok Lodge Building, in Lexington, Wednesday morning about six o'clock.

Mr. McClelland was the son of Mr. and Mrs. Robert McClelland, of Millersburg, and was 46 years of age. Most of his early life was spent in Millersburg.

Mr. McClelland had long been a sufferer from paralysis, his trouble starting from a frost bitten toe fourteen years ago. Though treated by the best physicians and surgeons in Europe and America, he could not obtain relief and for several years past had been wheeled about in a wheel chair.

Mr. McClelland during the past 14 years underwent no fewer than 23 operations. Five years ago some of the ablest surgeons in the country were summoned when it became apparent that his trouble was growing more serious. Dr. J. B. Muir, of Chicago, was interested in the case and he performed six operations. Later other noted surgeons of both America and Europe were summoned, but to no effect.

By means of his wheeled chair, he was able to transact a great deal of business in his office and used it as a means of locomotion on the street. His magazine agency was quite a success and he became known all over Central Kentucky.

He is survived by his mother, Mrs. Fannie McClelland, of Lexington; five sisters and one brother: Mrs. Alfred Combs, Mrs. J. G. Herr and Miss Katherine McClelland, of Cincinnati; Mrs. J. Edward Lawless, of St. Paul, and Mr. George B. McClelland, of Chicago.

The body was taken to Millersburg yesterday morning on the 11:20 L. & N. train from Lexington and the interment took place on the family lot, with services at the grave, conducted by Dr. C. C. Fisher.

ARNSPARGER.

—Surrounded by members of his family, Mr. Clifton Arnsperger, one of the best-known attorneys of the Bourbon County bar, and President of the Bourbon County Board of Education, died at the Good Samaritan Hospital, in Lexington, Wednesday morning, at 10 o'clock, after a lingering illness of complications arising from an ulcerated stomach.

Mr. Arnsperger had been in poor health for several months, and an operation was performed at the hospital about ten days ago in the hope of affording the patient relief. But the disease had progressed so far that no permanent relief could be hoped for, and after lingering alternately between life and death for several days following the operation, death

finally triumphed.

Mr. Arnsperger was a native of Scott county, where he was born 54 years ago last July, and lived near Newtown until he came to Paris for the practice of law about thirty years ago. He was educated at the Georgetown College and obtained his education in law at the Cincinnati Law School connected with the University of Cincinnati. He applied himself vigorously and was successful in his profession, and had later on made a success of the real estate business, in which he was engaged actively up to the time of his illness.

He made his first entree into political life in this county when he became a candidate for and was elected as County Attorney of Bourbon County, in which office he served two terms with much ability. At the time of his death he was President of the Board of Education, Treasurer of the Bourbon County Agricultural Society, and an officer in the Christian Church. He also held offices of responsibility in the building and loan associations of the city.

Very early in life he united with the Christian Church at Newtown, under the preaching of Elder Moses E. Lard, one of the pioneer ministers of that denomination, and, together with his younger brother, Mr. James D. Arnsperger, was baptized in the historic Sudduth pond by Elder Simpson.

In October, 1889, Mr. Arnsperger was united in marriage to Miss Ruby Lowry, of this city, who, with five sons, survives. His children are Mr. Will S. Arnsperger, cashier of the Eton, Ga., Bank; Mr. Lucien Arnsperger, who is attending the Staunton Military Academy, at Staunton, Va.; Clifton, James and Reuben Arnsperger, who are attending school in Paris. One sister, Mrs. T. Porter Smith, of Los Angeles, and one brother, Mr. J. D. Arnsperger, of Lexington.

Mr. Arnsperger enjoyed to a large degree the esteem and confidence of the entire community, and his death will be a source of regret to all.

The funeral will be held at the family residence on Duncan Avenue, at 2:30 p. m., Friday, service conducted by Rev. W. E. Ellis, of the Christian Church. The honorary pall-bearers will be the officers of the Paris Christian Church. Active pall-bearers: Dr. F. L. Lapsley, Henry A. Power, R. B. Hutchcraft, Robt. C. Talbott, C. M. Thomas, Roy Clendenin, Jos. Leach, Dr. Frank Fithian. The I. O. O. F. Guard of Honor will be: James Daugherty, Geo. W. Judy, E. B. January, S. E. Bedford, Chas. N. Fithian, O. Edwards.
